CONCERT:

Board members reported that the September 27th concert featuring The Cameos and Saddle River's Friends of Friends was a huge success and very well received.

Mrs. Nazzaro reported that there was an issue that must be addressed for future concerts. When there is more than one band performing on the same evening it is difficult for the first band to exit in the darkness through the people with their equipment while the next performer is trying to come on stage with his equipment. Board members suggested installation of in ground lighting on the walkways.

OLD BUSINESS:

Mrs. Nazzaro reported that the event in the park scheduled on October 29th has been cancelled.

Marilyn Goldfischer, 124 West Saddle River Rd., sent pictures to the Board that she had taken from her property of the men's baseball team urinating in the woods. Following a discussion Board members thought it best to send a letter in the spring to the team organizers instructing them to please use the facilities.

It was noted that the fields were very dried out and if we could get the sprinklers to water the field. It was also noted that in the event of a power outage and residents did not have water an option could be for the public to use the well in the rear of the field as a source for potable water.
