INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Borough Council
Borough of Saddle River
County of Bergen, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets – regulatory basis of the various funds and account groups of the Borough of Saddle River as of December 31, 2013 and December 31, 2012, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2012 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not

350 Main Road, Suite 104
Montville, NJ 07045
973-953-7769 Fax: 973-625-8733
Email: tmvrabeldvc@optonline.net

for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Borough of Saddle River on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Saddle River as of December 31, 2012, or the results of its operations for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account groups of the Borough of Saddle River as of December 31, 2012 and December 31, 2011, and the results of operations and changes in fund balances – regulatory basis of such funds for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2013, in accordance with the financial reporting provisions described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the Borough of Saddle River, in the County of Bergen, State of New Jersey, taken as a whole. The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and New Jersey OMB's Circular 04-04 Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and supplemental schedules presented in the Supplementary Data Section are presented for purposes of additional analysis and are not required part of the financial statements.

The Schedules of Expenditures of Federal Awards and State Financial Assistance and the supplemental schedules presented in the Supplementary Data Section required by the Division of Local Government Services is the responsibility of management and was derived from and relates directly to the underlying accounting and

other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have issued our report dated May 20, 2014 on our consideration of the Borough of Saddle River's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grand agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Borough of Saddle River's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Note I: Summary of Significant Accounting Policies

A. Basis of Presentation

The financial statements of the Borough of Saddle River have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Borough's accounting policies are described below.

B. Reporting Entity

The Borough of Saddle River is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough of Saddle River.

The primary criterion for including activities within the Borough's reporting entity, as set forth in section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Borough of Saddle River. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

Except as noted below, the financial statements of the Borough of Saddle River include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Saddle River, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Saddle River do not include the operations of the municipal library, or volunteer fire and first aid squads. Furthermore, the Borough of Saddle River is not includable in any other reporting entity on the basis of such criteria.

C. Description of Funds

The accounting policies of the Borough of Saddle River conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the Division). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Saddle River accounts for its financial transactions through the following separate funds which differ from the fund structure required by accounting principles generally accepted in the United States of America.

Current Fund – resources and expenditures for governmental operations of a general nature, including Federal and State grants for operation.

Trust Fund – receipts, custodianship and disbursement of monies in accordance with the purpose for which each reserve was created.

General Capital Fund – receipt and disbursement of funds used for acquisition of general capital facilities other than those acquired in the Current Fund.

Water Operating and Capital Funds – account for the operations and acquisition of capital facilities of the water utility.

Note 1: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant policies follow.

A modified accrual basis of accounting is followed with minor exceptions.

Revenues – are recorded as received in cash except for certain amounts that are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Appropriation reserves covering unencumbered appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts that may be canceled by the Governing Body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. Compensated absences are treated on a pay as you go basis with no amount charged to operations in the year incurred.

Foreclosed Property – Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily, it is the intention of the Governing Body to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of the foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Interfunds – Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Deferred Charges – The funding of certain expenditures incurred in the current year (i.e. emergencies, overexpenditures) are deferred to subsequent years' budgets.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

Note 1: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

Levy of Taxes – The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August and November. Any taxes that have not been paid by the 11th day of the 11th month in the fiscal year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et seq.

The municipality is responsible for remitting 100% of the school and county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the school district or county.

Interest on Delinquent Taxes – It is the policy of the Borough of Saddle River to collect interest for the nonpayment of taxes or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first $1,500 of taxes becoming delinquent after the due date and eighteen percent (18%) per annum on any amount of taxes in excess of $1,500 becoming delinquent after the due date and if a delinquency is in excess of $10,000 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten day grace period.

Capitalization of Interest – It is the policy of the Borough of Saddle River to treat interest on projects as a current expense and the interest is included in the current operating budget.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles or the regulatory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fixed Assets – In accordance with N.J.A.C. 5:30-5.6, Accounting Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Borough of Saddle River has developed a fixed assets accounting and reporting system based on an inspection and appraisal prepared by an independent appraisal firm.

Fixed assets used in governmental operation (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvement other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage system are not capitalized.

Note 1: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value. Expenditures for long lived assets with an original cost in excess of $2,000 are capitalized.

No depreciation has been provided for in the financial statements.
Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capitals have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30S.6.

Property and equipment purchased by the Water Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

The following schedules are a summarization of the changes in general fixed assets for the year ended December 31, 2013 and 2012:

	Balance as of December 31, 2012	Additions/ Transfers	Disposal / Transfers	Balance as of December 31, 2013
Land	$11,469,339.36	$	$313,693.49	$11,155,645.87
Buildings	3,645,172.22		99.697.70	3,545,474.52
Machinery and Equipment	2,202,404.50	83,133.00	0.00	2,285,537.50
	$17,316,916.08	$ 83,133.00	$413,391.19	$16,986,657.89

	Balance as of December 31, 2011	Additions/ Transfers	Disposal/ Transfers	Balance as of December 31, 2012
Land	$11,823,824.90	$	$354,485.54	$11,469,339.36
Buildings	3,968,305.23		323,133.01	3,645,172.72
Machinery and Equipment	2,145,020.50	57,384.00		2,202,404.50
	$17,937,150.63	$ 57,384.00	$677,618.55	$17,316,916.08

Note I: Summary of Significant Accounting Policies (Continued)

E. Required Financial Statements

The State of New Jersey requires the following financial statements to be presented for each fund on the regulatory basis of accounting: Balance Sheet, Statement of Operations and Changes in Fund Balance, Statement of Revenues and Statement of Expenditures. These statements differ from those presented under Generally Accepted Accounting Principles, which requires a Statement of Net Position and Statement of Activities in addition to the fund financial statements.

F. Comparative Date

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the Borough's financial position. However, comparative (i.e. presentation of prior year totals by fund type) data have not been presented in the Statement of Revenue-Regulatory Basis and Statement of Expenditures-Regulatory Basis since their inclusion would make the statements unduly complex and difficult.

G. Recent Accounting Pronouncements Not Yet Effective

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 67 "Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25". This statement, which is effective for fiscal periods beginning after June 15, 2013, will not have any effect on the entity's financial reporting.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68 "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27". This statement, which is effective for fiscal periods beginning after June 15, 2014, will not have any effect on the entity's financial reporting. However, the provisions of this statement will require significant modifications to the disclosure requirements related to the entity's proportionate share of the cost-sharing defined benefit plans reported at the State of New Jersey level.

In January 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 69 "Governmental Combinations and Disposals of Government Operations". This statement, which is effective for fiscal periods beginning after December 15, 2013, will not have any effect on the entity's financial reporting.

In April 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 70 "Accounting and Financial Reporting for Nonexchange Financial Guarantees". This statement, which is effective for fiscal years beginning after June 15, 2013, will not have any impact on the entity's financial statement disclosures.

In November 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 71 "Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment to GASB Statement No. 68". The provisions of this statement are required to be applied simultaneously with the provisions of Statement 68 which is effective for periods beginning after June 15, 2014. The provisions of this statement will require significant modifications to the disclosure requirements related to the entity's proportionate share of the cost-sharing defined benefit plans reported at the State of New Jersey level.

Note 1: Summary of Significant Accounting Policies (Continued

H. Budgetary Information

Annual budgets are adopted on a basis consistent with the requirements of the State of New Jersey, Department of Community Affairs, Division of Local Government Services.

Under New Jersey State Statutes, the annual budget is required to be balanced, prepared on a cash basis and to provide a reserve for uncollected taxes. The 2013 statutory budget included a reserve for uncollected taxes in the amount of $1,800,000.00. To balance the budget, the municipality is permitted to utilize fund balance. The amount of fund balance utilized to balance the 2013 statutory budgets were as follows:

Current Fund	$ 1,600,000.00
Water Utility Operating Fund	175,500.00

Transfers of line item amounts are permitted after November 1 and must be made by a resolution adopted by the governing body. There were no significant budget transfers approved in the 2013 calendar year.

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget, after the adoption of the budget, when the item has been made available by any public or private funding source. There were no significant budget insertions approved during the 2013 calendar year.

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budget of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. There were no emergency appropriations approved during the 2013 calendar year.

Note 11: Detailed Notes On All Funds

A. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act (GUDPA). Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

At December 31, 2013 the Borough of Saddle River's cash and cash equivalents amounted to $14,885,617.95. Of this amount, $250,000.00 was covered by federal depository insurance (F.D.I.C.) and $13,082,353.31 was covered by a collateral pool maintained by the banks as required by GUDPA. Although the individual developers' accounts are subject to F.D.I.C. coverage, it cannot be accurately determined whether the total amount of $555,160.89 included in Developers' Escrow deposits is covered.

At December 31, 2013 the Borough of Saddle River's participation in the State of New Jersey Cash Management Fund amounted to $998,103.75.

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires the disclosure of bank deposits that are subject to custodial credit risk. The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Borough of Saddle River will not be able to recover deposits or will not be able to recover collateral securities that may be in the possession of an outside party.

As of December 31, 2013, $1,553,264.64 of the Borough of Saddle River's cash and cash equivalents of $14,885,617.95 was as exposed to custodial credit risk as follows:

Uninsured and uncollateralized	$	555,160.89
Uninsured and collateral held by public depository or by its' trust department not in the Borough of Saddle River's name		998,103.75
	$	1,553,264.64

Note II: Detailed Notes On All Funds (Continued)

A. Deposits and Investments (Continued)

Investments

New Jersey statutes (N.J.S.A. 40A:5-15.1) permit the Borough of Saddle River to purchase the following types of securities:

a. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, any local unit may use moneys which may be in hand for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the local unit;

(1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;

(2) Government money market mutual funds;

(3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;

(4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;

(5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;

(6) Local government investment pools;

(7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4);or

(8) Agreements for the repurchase of fully collateralized securities, if:

(a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a;

(b) the custody of collateral is transferred to a third party;

(c) the maturity of the agreement is not more than 30 days;

(d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (c.17:9-41); and

(e) a master repurchase agreement providing for the custody and security of collateral is executed.

The Borough of Saddle River had no investments as described in Note I:F.1. at December 31, 2013

Note 11: Detailed Notes On All Funds (Continued)

B. Property Taxes

The Borough of Saddle River is responsible for assessing, collecting and distributing property taxes in accordance with enabling state legislation. All property tax revenue is recognized when received in cash. Property taxes receivable as of December 31, 2013 are composed of the following:

Year of Levy	Amount
2013	$ 366,259.12

C. Interfund Receivables and Payables

As of December 31, 2013 interfund receivables and payables resulting from various interfund transactions were as follows:

	Due From Other Funds	Due to Other Funds
Current Fund	$1,866,240.16	$ 1,214,4851.06
Federal and State Grants Fund	186,576.07	
Trust Funds:		
Animal Control Fund		457.62
Other Trust Fund	1,029,522.86	1,778.67
General Capital Fund		508,311.79
Water Utility Fund:		
Operating Fund		528,129.74
Capital Fund	325.00	543,284.41
Payroll and Payroll Agency	-0-	286,216.80
	$3,082,664.09	$3,082,664.09

The Amount due to or from the current fund and grants fund are due to the fact that there is no separate grants fund bank account. All other interfunds are due to cash being transferred between accounts. It is anticipated that all other interfunds will be liquidated during the subsequent calendar year.

Note II: Detailed Notes On All Funds (Continued)

D. Deferred Charges to be Raised in Succeeding Budgets

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2013 there were no deferred charges shown on the balance sheets of the various funds:

	Balance Dec. 31, 2013	2014 Budget Appropriation	Balance to Succeeding Budgets
Current Fund:			
Special Emergency Authorizations (40A:4-55)	$ 18,000.00	$ 9,000.00	$ 9,000.00

The appropriations in the 2014 Budget are not less than that required by statute.

E. Leases

The Borough of Saddle River has commitments to lease copying and fax equipment under operating leases which expire in 2017. Total operating lease payments made during the year ended December 31, 2013 were $13,891.92. Future minimum lease payments are as follows:

Year ended	Amount
December 31, 2014	$11,329.25
December 31, 2015	11,096.28
December 31, 2016	2,840.55
December 31, 2017	62.10
Total future minimum lease payments	$25,328.18

Note II: Detailed Disclosures Regarding Liabilities and Expenses/Expenditures

F. Debt

The Local Bond Law governs the issuance of bonds and notes to finance general municipal and utility capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough of Saddle River are general obligation bonds, backed by the full faith and credit of the Borough of Saddle River. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years or retired by the issuance of bonds.

Long-term debt as of December 31, 2013 and 2012 consisted of the following:

	Balance Dec. 31, 2012	Issued	Retired	Balance Dec. 31, 2013	Amounts Due Within One Year
Bonds Payable:					
General	$ -	$ -	$ -	$ -	$ -

Installment payments of principal and interest on the above described Loan are due on February 1 and August 1 of each year.

Note II: Detailed Notes On All Funds (Continued)

H. Fund Balance Appropriated

Fund balances at December 31, 2013, which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2014 were as follows:

Current Fund	$1,782,000.00
Water Utility Operating Fund	275,500.00

Note III: Pension Plans

Description of Systems

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS), or the Police and Fireman's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The PERS, and PFRS are considered cost sharing multiple-employer defined benefit plans.

The Public Employees' Retirement System (PERS) was established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits.

The Police and Fireman's Retirement System (PFRS) was established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State Firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership.

According to the state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement systems terminate. The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions.

Note III: Pension Plans (Continued)

Retirement Benefits

For PERS employees, the benefits will be 1/55 of the average of the three highest year compensation for each year of service. However, for PERS who are veterans of the U.S. armed forces, the benefits will be 1/55 of final compensation for each year of service.

For PFRS employees, the benefits will be various percentages of final compensation depending upon the number of years of service.

Significant Legislation

P.L 2011, c.78, effective June 28, 2011, made various changes to the manner in which TPAF, PERS, PFRS, SPRS, and JRS operate and to the benefit provisions of those systems.

This legislation's provisions impacting employee pension and health benefits include:

- For new members of TPAF and PERS hired on or after June 28, 2011 (Tier 5 members), the years of creditable service needed for early retirement benefits increased from 25 to 30 years and the early retirement age increased from 55 to 65.
- The eligibility age to qualify for a service retirement in the TPAF and PERS increased from age 62 to 65 for Tier 5 members.
- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), decreased from 65 percent of final compensation to 60 percent of final compensation after 25 years of service and from 70 percent of final compensation to 65 percent of final compensation after 30 or more years of service.
- It increased the active member contribution rates as follows: TPAF and PERS active member rates increased from 5.5 percent of annual compensation to 6.5 percent plus an additional 1 percent phased-in over 7 years; PFRS and PERS Prosecutors Part active member rates increased from 8.5 percent to 10 percent; SPRS active member rates increased from 7.5 percent to 9 percent; and JRS active member rates increased from 3 percent to 12 percent phased-in over seven years for members hired or reappointed on or after June 28, 2011. For Fiscal Year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contributions for TPAF, PERS and JRS members takes place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries was suspended until reactivated as permitted by this law.
- It changed the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay method).

Funding Status and Funding Progress

As of July 31, 2012, the most recent actuarial valuation date, the aggregate funded ratio for the retirement systems (TPAF, PERS, PFRS, POPF, CPFPF, JRS, and SPRS) is 64.5 percent with an unfunded actuarial accrued liability of $47.2 billion. The aggregate funded ratio and unfunded accrued liability for the State funded systems is 56.7 percent and $34.4 billion, and the aggregate funded ratio and unfunded accrued liability for local PERS and PFRS is 76.1 percent and $12.8 billion.

Note III: Pension Plans (Continued)

The required supplementary information regarding the funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared o past expectations and new estimates are made about the probability of future events.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. The pension funds provide for employee contributions based on 10.0 percent for PFRS and 6.6 percent for PERS of employees' annual compensation.

During the state fiscal year ended June 30, 2013, for PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, the annual pension cost equals contributions made.

The Borough's total payroll for the year ended December 31, 2013 was $4,423,393.95 and covered payroll was $1,250,669.00 for PERS and $2,417,764.00 for PFRS. Contributions to the PERS and PFRS for the last three years made by the employees and Borough of Saddle River were as follows:

		PERS	Percent of Covered Payroll	PFRS	Percent of Covered Payroll
Employees	12/31/11	$ 77,399.60	5.78%	$211,751.88	8.88%
	12/31/12	83,862.35	7.05%	246,225.60	10.00%
	12/31/13	85,713.67	6.85%	242,452.40	10.03%
Borough of Saddle River	12/31/11	$137,433.00	10.26%	$593,953.00	24.89%
	12/31/12	145,650.00	12.25%	538,167.00	21.86%
	12/31/13	151,736.00	12.13%	599,071.00	24.77%

Note IV: Health Benefits and Post Retirement Medical Benefits

P.L. 2011, c.78 effective October 2011, sets new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to this new legislation's effective date with a minimum contribution required to be at least 1.5% of salary.

Health Benefits Program Fund (HBPF)-Local Government (including Prescription Drug Program Fund) – Certain local employers who participate in the State Health Benefits Program provide health insurance coverage to their employees at retirement. Under provisions of P.L. 1997, c.330, the State of New Jersey provides partially funded benefits to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. Also, local employees are eligible for the PDP coverage after 60 days ofemployment.

P.L. 1997, C.330 provides State paid post-retirement health benefits to qualified retirees of the Police and Firemen's Retirement System and the Consolidated Police and Firemen's Pension Fund and to dependents of qualified retirees. The State is responsible for 80% of the premium for the category of coverage elected by the retiree under the State managed care plan or a health maintenance organization participating in the program, whichever provides the lower charge. The State contributed $38.0 million for the state fiscal year 2013 to provide benefits under Chapter 330 to qualified retirees.

PERS employees do not receive post-retirement medical benefits.

Note V: Deferred Compensation Plan

The Borough of Saddle River offers its employees a deferred compensation plan (the "Plan") created in accordance with Section 457 of the Internal Revenue Code. The Plan, which is administered by Nationwide and The Variable Annuity Life Insurance Company is available to all Borough of Saddle River employees and permits participants to defer a portion of their salary. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency, or upon death to their beneficiaries.

All amounts of compensation deferred under this plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the Borough of Saddle River (without being restricted to the provisions of benefits under the Plan) subject only to the claims of the Borough of Saddle River's general creditors. Participants' right under the Plan are equivalent to those of general creditors of the Borough of Saddle River in an amount equal to the fair market value of the deferred account for each participant.

The maximum amount of deferred compensation for any participant for any taxable year shall not exceed the lesser of $7,500.00 or 25 percent of the participant's includable compensation for the taxable year except as provided by the limited catch-up provision which may effect a participant's last three taxable years ending before a participant attains normal retirement age as defined by plan.

During the year ended December 31, 2013 and 2012 the employees' contributions to the plan were $216,310.00, and $276,460.00, respectively.

Note VI: Risk Management

The Borough of Saddle River is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of Saddle River is a member of the Bergen County Municipal Joint Insurance Fund (the "JIF"). The JIF is a self-administered group of municipalities established for the purpose of providing certain low-cost general liability, automobile liability and workers' compensation insurance coverage up to $250,000 for member municipalities. The Borough of Saddle River pays an annual assessment to the JIF and should it be determined that payments received by the JIF are deficient, additional assessments may be levied.

The JIF can declare and return excess surplus to members upon approval of the State of New Jersey Department of Insurance. These distributions would be divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions may be used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The Borough of Saddle River is also a member of the Municipal Excess Liability Joint Insurance Fund (the "MEL"). The MEL provides insurance coverage for claims in excess of $250,000 for general liability, automobile liability and workers' compensation. The MEL also provides insurance coverage for the following: employment practices liability, non-owned aircraft, public officials liability, directors and officers liability and Faithful Performance and Employee Dishonesty Blanket Bond ($1,000,000 limit).

The JIF's members are also members of the New Jersey Municipal Environmental Risk Management Fund which provides commercial insurance coverage for environmental impairment liability.

The JIF provides Property coverage (i.e. Boiler and Machinery, Flood, Valuable Papers, etc.) to its members participating in a state-wide joint purchase program arranged by the MEL acting as a lead agency.

The Borough of Saddle River is also a member of the Bergen Municipal Employee Benefits Fund (the "Fund"). The Fund is a self-administered group of municipalities established for the purpose of providing certain low-cost health insurance coverage for member municipalities. The Borough of Saddle River pays an annual assessment to the Fund and should it be determined that payments received by the Fund are deficient, additional assessments may be levied.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

Note VII: Segment Information – Utility/Enterprise Funds

The Borough of Saddle River maintains one utility funds which provide water, sewer, swimming pool, parking lot, and solid waste disposal services. Segment information for the year ended December 31, 2013 was as follows:

	Water Utility Fund
Operating Revenues	$ 687,214.00
Operating Income	(78,286.00)
Operating Transfers in or (Out)	-0-
Net Income or (Loss)	88,164.93
Fixed Assets:	
Additions	-0-
Deletions	-0-
Net Working Capital	469,247.41
Total Operating Assets	1,088,367.29
Operating Fund Balance	440,376.97
Long Term Debt	-0-
Short Term Debt	508,934.41

Note VIII: Accrued Sick and Vacation Benefits

The Borough of Saddle River has specific policies, which permits all employees retiring under the Policemen's and Firemen's Retirement System to accrue their unused accumulated sick leave. It is estimated that the current cost of such unpaid compensation would approximate $364,800.00. Unused vacation time is not allowed to be accumulated without authorization and any liability would not be considered material to the financial statements.

Note X: Contingent Liabilities

The Borough of Saddle River is a defendant in several lawsuits, none of which is unusual for a municipality of its size. Additional liabilities, if not covered by insurance, should not be material in amount.

Note XI: Subsequent Events

The Borough of Saddle River has evaluated subsequent events through May 20, 2014, the date which the financial statements were available to be issued and no additional items were noted for disclosure or adjustment.

Accountants and Auditors

Timothy M. Vrabel, RMA, PSA
Chris C. Hwang, CPA

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and
Members of the Borough Council
Borough of Saddle River
County of Bergen, New Jersey

We have audited the financial statements of the Borough of Saddle River as of and for the years ended December 31, 2013 and December 31, 2012, and the related notes to the financial statements and have issued our report thereon dated May 20, 2014. In our report our opinion was qualified because the Borough of Saddle River prepares its financial statements on a basis of accounting other than accounting principles generally accepted in the United States of America. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

Management of the Borough of Saddle River is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Borough of Saddle River's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstance for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Saddle River's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Saddle River's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

350 Main Road, Suite 104
Montville, NJ 07045
973-953-7769 Fax: 973-625-8733
Email: tmvrabeldvc@optonline.net

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Saddle River's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Saddle River's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of Saddle River's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF SADDLE RIVER

NOTES TO SCHEDULES OF EXPENDITURES OF AWARDS AND FINANCIAL ASSISTANCE
YEAR ENDED DECEMBER 31, 2013

Note 1: General

The accompanying schedules of expenditures of awards and financial assistance present the activity of all federal and state programs of the Borough of Saddle River . The municipality is defined in Note 1:B. to the Borough's financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

Note 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented using the budgetary basis of accounting as described in Notes I:D. to the Borough of Saddle River's financial statements.

Note 3: Relationship to Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the Borough of Saddle River's financial statements. The information in the schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 4: Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

BOROUGH OF SADDLE RIVER

PART II

GENERAL COMMENTS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2013

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRING ADVERTISEMENT FOR BIDS

Effective April 17, 2000 N.J.S.A. 40A:11-1 et seq. (Local Public Contracts Law) was revised by P.L. 1999, c.440 (originally known as Assembly bill No. 3519). The Division of Local Government Services in the Department of Community Affairs, after consultation with the Commissioner of Education, shall prescribe rules and procedures to implement the requirements of the law.

Effective April 17, 2000 until September 23, 2002 the bid threshold in accordance with N.J.S.A. 40A:11-3 (as amended) was $17,500.00.

Effective September 23, 2002 the bid threshold was increased to $25,000.00 because Charles Cuccia was appointed as the Qualified Purchasing Agent in accordance with N.J.S.A. 40A:11-2(30) and effective July 1, 2005, was increased to $29,000.00 and effective July 1, 2010, was increased to $36,000.00.

It is pointed out that the governing body of the Borough has the responsibility of determining whether commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Borough Attorney's opinion should be sought before commitment is made.

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services," in excess of the statutory limit where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 40A:11-4.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 for Auditor, Borough Attorney, Bond Counsel, Borough Engineers, Borough Planners and Borough Prosecutor.

The minutes indicate that bids were requested by public advertising for the following items:

Road Improvements, Rindlaub Park Parking Improvements, Saddle River Museum Improvements and Snow Removal.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the municipality used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably by ascertained. My examination did reveal however, that the following purchases were made through the use of State contracts: Replace and Repair Radio System and Police Vehicle.

The minutes indicate that on July 25, 1990 the Borough passed ordinance 90-544C which authorized them to enter into a cooperative pricing agreement with the Borough of Ramsey.

COLLECTION OF INTEREST AND PENALTIES ON DELINQUENT TAXES AND ASSESSMENTS CHARGES

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2013, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

> RESOLVED, that there shall be collected interest at the maximum rates permitted by law on all taxes and assessments, whether regular, added or omitted, from the date they are due and payable, when they are not paid on or before the tenth (10^{th}) day of the month in which they are payable and,
>
> BE IT FURTHER RESOLVED that the Mayor and Council will assess a penalty of 6% on taxpayers with delinquencies exceeding $10,000.00 who do not pay the delinquency by the end of the calendar year.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

The delinquent taxes at December 31, 2013 include only 2013 taxes.

The last tax sale was held December 6, 2013 and was complete.

There was one tax title lien receivable as of December 31.

VERIFICATION OF TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

Type	Number Mailed
Payments of 2014 Taxes	25
Payments of 2013Taxes	25
Delinquent Taxes Receivable	25
Water Utility Accounts Receivable	10

The result of the test, for the year ended December 31, 2013, is not yet fully known, however the items that were returned were checked and in agreement with the Borough's records and for items not returned either a second request was made or the open items were traced to subsequent collection. If any irregularities are discovered as a result of our second request a separate report will be issued.

OTHER COMMENTS

MUNICIPAL COURT

The report required by statute covering the accounts of the Municipal Court has been filed under separate cover with the Magistrate, Borough Clerk and Division of Local Government Services. Comments regarding the financial records maintained by the Court Administrator are covered in this report.

TECHNICAL ACCOUNTING DIRECTIVES

The Division of Local Government Services has established three systems which are required by all local units. They are as follows:

1. Encumbrance accounting system (N.J.A.C. 5:30-5.2)
2. Fixed asset accounting and reporting system (N.J.A.C. 5:30-5.6)
3. General Ledger accounting and record system (N.J.A.C. 5:30-5.7)

The Borough has complied by implementing all three directives.
