INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Borough Council
Borough of Saddle River
County of Bergen, New Jersey

We have audited the accompanying balance sheets – regulatory basis of the various funds and account groups of the Borough of Saddle River as of December 31, 2008 and December 31, 2007, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2008. These financial statements are the responsibility of the management of the Borough of Saddle River. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note I, the Borough of Saddle River prepares its financial statements in conformity with the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, because of the Borough policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Saddle River as of December 31, 2008 and December 31, 2007, or the results of its operations for the years then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account groups of the Borough of Saddle River as of December 31, 2008 and December 31, 2007, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended December 31, 2008, on the basis of accounting described in Note I.

In accordance with Government Auditing Standards, we have also issued our report dated May 15, 2009 on our consideration of the Borough of Saddle River's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Borough of Saddle River, in the County of Bergen, State of New Jersey, taken as a whole. The supplemental schedules presented in the Supplementary Data Section are presented for purposes of additional analysis, as required by the Division of Local Government Services and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, such information is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF SADDLE RIVER

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2008

Note I: Summary of Significant Accounting Policies

A. Basis of Presentation

The financial statements of the Borough of Saddle River have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Borough accounting policies are described below.

B. Reporting Entity

The Borough of Saddle River is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough of Saddle River.

The primary criterion for including activities within the Borough reporting entity, as set forth in section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the Borough of Saddle River. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

Except as noted below, the financial statements of the Borough of Saddle River include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Saddle River, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Saddle River do not include the operations of the volunteer fire department. Furthermore, the Borough of Saddle River is not includable in any other reporting entity on the basis of such criteria.

C. Description of Funds

GASB Codification establishes seven fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles (GAAP).

The accounting policies of the Borough of Saddle River conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the Division). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Saddle River accounts for its financial transactions through the following separate funds which differ from the fund structure required by accounting principles generally accepted in the United States of America.

Current Fund – resources and expenditures for governmental operations of a general nature, including Federal and State grants for operation.

Note I: Summary of Significant Accounting Policies (Continued)

C. Description of Funds (Continued)

Trust Fund – receipts, custodianship and disbursement of monies in accordance with the purpose for which each reserve was created.

General Capital Fund – receipt and disbursement of funds used for acquisition of general capital facilities other than those acquired in the Current Fund.

Water Operating and Capital Funds – account for the operations and acquisition of capital facilities of the water utility.

D. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

Property Taxes and Other Revenues – property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheets. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues – Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough of Saddle River budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures (including Federal and State Financial Assistance Programs) – unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

(CONTINUED)

Note I: Summary of Significant Accounting Policies (Continued)

D. Basis of Accounting (Continued)

Encumbrances – contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences – expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes – is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at market value on the date of acquisition.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets as required by GAAP.

Interfunds – advances from the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

Basic Financial Statements – The GASB Codification also defines the financial statements of a governmental unit that are required to be presented in the general purpose financial statements be in accordance with GAAP. The Borough of Saddle River presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgetary Information

Annual budgets are adopted on a basis consistent with the requirements of the State of New Jersey, Department of Community Affairs, Division of Local Government Services.

Under New Jersey State Statutes, the annual budget is required to be balanced, prepared on a cash basis and to provide a reserve for uncollected taxes. The 2008 statutory budget included a reserve for uncollected taxes in the amount of \$1,437,127.20. To balance the budget, the municipality is permitted to utilize fund balance. The amount of fund balance utilized to balance the 2008 statutory budgets were as follows:

Current Fund	\$ 828,841.00
Water Utility Operating Fund	30,500.00

Transfers of line item amounts are permitted after November 1 and must be made by a resolution adopted by the governing body. There were no significant budget transfers approved in the 2008 calendar year.

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget, after the adoption of the budget, when the item has been made available by any public or private funding source. The following significant budget insertions were approved during the 2008 calendar year.

GDL 2008 Enforcement and Education Grant	\$2,000.00
--	------------

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budget of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. There were no emergency appropriations approved during the 2008 calendar year.

F. Assets and Liabilities

1. Deposits and Investments

Deposits are cash and cash equivalents including petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Other than Certificates of Deposit, deposits with maturities of greater than three months are considered to be Investments. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey governmental units are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statutes provide a list of permissible investments that may be purchased by New Jersey governmental units.

2. Property Tax Assessment and Billing

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the result of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. But it often results in a divergence of the assessment ratio to true value. Because of the changes in property resale values, annual adjustments could not keep pace with the changing values. A revaluation of all property in the Borough of Saddle River was last completed in 2001 and was effective as of January 1, 2002 with subsequent annual reassessments made through 2007.

Upon the filing of certified adopted budgets by the School District and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due August 1 and November 1 respectively, and are adjusted to reflect the current calendar year's total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding year, are based upon one-half of the current year's total tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum of the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00. Pursuant to c. 75, P.L. 1991, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency. These interest and penalties are the highest permitted under New Jersey Statutes. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey Statutes.

F. Assets and Liabilities

3. Deferred Charges

The funding of certain expenditures incurred in the current year (i.e. emergencies, overexpenditures) are deferred to subsequent years' budgets.

4. Fixed Assets

In accordance with N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Borough of Saddle River has developed a fixed assets accounting and reporting system based on an inspection and appraisal prepared by an independent appraisal firm.

Fixed assets used in governmental operation (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value and buildings which are valued at insurance costs.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6.

Property and equipment purchased by the Water Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

5. Use of Estimates

The preparation of financial statements in conformity with the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey requires management to make estimates and assumptions that affect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

6. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statements of Operations in order to provide an understanding of changes in the Borough of Saddle River's financial position. However, comparative data have not been presented in each of the supplemental schedules since their inclusion would make statements unduly complex and difficult to read.

Note II: Detailed Notes On All Funds

A. Deposits and Investments

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation (FDIC), the Savings Association Insurance Fund, or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

A. Deposits and Investments (Continued)

Deposits (Continued)

At December 31, 2008 the Borough of Saddle River's cash and cash equivalents amounted to \$10,749,819.35. Of this amount, \$100,000.00 was covered by federal depository insurance (F.D.I.C.) and \$7,281,493.06 was covered by a collateral pool maintained by the banks as required by GUDPA. Although the individual developers' accounts are subject to F.D.I.C. coverage, it cannot be accurately determined whether the total amount of \$2,404,555.97 included in Developers' Escrow deposits is covered.

At December 31, 2008 the Borough of Saddle River's participation in the State of New Jersey Cash Management Fund amounted to \$963,770.32

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires the disclosure of bank deposits that are subject to custodial credit risk. The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Borough of Saddle River will not be able to recover deposits or will not be able to recover collateral securities that may be in the possession of an outside party.

As of December 31, 2008, \$3,368,326.29 of the Borough of Saddle River's cash and cash equivalents of \$10,749,819.35 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 2,404,555.97

H. Fund Balance Appropriated

Fund balances at December 31, 2008, which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2009 were as follows:

Current Fund	\$ 550,000.00
Water Utility Operating Fund	20,000.00

Note III: Pension Plans

Description of Systems

Substantially all of the Borough employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Fireman's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The PERS and PFRS are considered cost sharing multiple-employer defined benefit plans.

The Public Employees' Retirement System (PERS) was established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits.

The Police and Fireman's Retirement System (PFRS) was established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State Firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership

According to the state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement systems terminate. The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues a publicly available financial report that includes the financial statements and required supplementary information of each of the above systems. These reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295.

Retirement Benefits

For PERS employees, the benefits will be 1/55 of the average of the three highest year compensation for each year of service. However, for PERS who are veterans of the U.S. armed forces, the benefits will be 1/55 of final compensation for each year of service.

For PFRS employees, the benefits will be various percentages of final compensation depending upon the number of years of service.

Significant Legislation

As per P.L. 2003, c. 108 effective July 1, 2003, the Borough of Saddle River shall reduce the normal and accrued liability contributions payable by the Borough of Saddle River to a percentage of the amount certified annually by the retirement system, which for PERS will be as follows; for payments due in the State fiscal year ending June 30, 2005, 20%; for payments due in the State fiscal year ending June 30, 2006 not more than 40%; for payments due in the fiscal year ending June 30, 2007, not more than 60%; for payments due in the fiscal year ending June 30, 2008, not more than 80%. The law provides that local employees' PFRS normal and accrued liability contributions shall be as follows: for payments due in the State fiscal year ending June 30, 2004 20%; for payments due in the State fiscal year ending June 30, 2005, not more than 40%; for payments due in the fiscal year ending June 30, 2006, not more than 60%; for payments due in the fiscal year ending June 30, 2007, not more than 80%.

Contribution Requirements

The contribution policy is set by New Jersey State Statutes and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The various pension funds provide for employee contributions based on percentages ranging from 5.00 percent for PERS to 8.50 percent for PFRS of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PFRS and PERS.

During the state fiscal year ended June 30, 2007, for PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, the annual pension cost equals contributions made.

	12/31/08	65,235.20	5.49%	449,235.00	22.24%

Note IV: Post Retirement Medical Benefits

P.L. 1997, C.330 provides State paid post-retirement health benefits to qualified retirees of the Police and Firemen’s Retirement System and the Consolidated Police and Firemen’s Pension Fund and to dependents of qualified retirees. The State is responsible for 80% of the premium for the category of coverage elected by the retiree under the State managed care plan or a health maintenance organization participating in the program, whichever provides the lower charge. The State contributed \$20.8 million for the state fiscal year 2007 to provide benefits under Chapter 330 to qualified retirees.

PERS employees do not receive post-retirement medical benefits.

Note V: Deferred Compensation Plan

The Borough of Saddle River offers its employees a deferred compensation plan (the “Plan”) created in accordance with Section 457 of the Internal Revenue Code. The Plan, which is administered by the Borough of Saddle River was available to all Borough of Saddle River employees and permitted participants to defer a portion of their salary. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency, or upon death to their beneficiaries. Only one person, Genevieve Johnson, has funds remaining in the plan.

Note V: Deferred Compensation Plan (Continued)

All amounts of compensation deferred under this plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the Borough of Saddle River (without being restricted to the provisions of benefits under the Plan) subject only to the claims of the Borough of Saddle River's general creditors. Participants' right under the Plan are equivalent to those of general creditors of the Borough of Saddle River in an amount equal to the fair market value of the deferred account for each participant.

The maximum amount of deferred compensation for any participant for any taxable year shall not exceed the lesser of \$7,500.00 or 25 percent of the participant's includable compensation for the taxable year except as provided by the limited catch-up provision which may effect a participant's last three taxable years ending before a participant attains normal retirement age as defined by plan.

During the year ended December 31, 2008 and 2007, the employees' contributions to the plan were \$ -0-, and \$-0-, respectively.

Note VI: Risk Management

The Borough of Saddle River is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of Saddle River is a member of the Bergen County Municipal Joint Insurance Fund (the "JIF"). The JIF is a self-administered group of municipalities established for the purpose of providing certain low-cost general liability, automobile liability and workers' compensation insurance coverage up to \$100,000 for member municipalities. The Borough of Saddle River pays an annual assessment to the JIF and should it be determined that payments received by the JIF are deficient, additional assessments may be levied.

The JIF can declare and return excess surplus to members upon approval of the State of New Jersey Department of Insurance. These distributions would be divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions may be used to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The Borough of Saddle River is also a member of the Municipal Excess Liability Joint Insurance Fund (the "MEL"). The MEL provides insurance coverage for claims in excess of \$100,000 for general liability, automobile liability and workers' compensation. The MEL also provides insurance coverage for the following: employment practices liability, non-owned aircraft, public officials liability, directors and officers liability and Faithful Performance and Employee Dishonesty Blanket Bond (\$1,000,000 limit).

The JIF's members are also members of the New Jersey Municipal Environmental Risk Management Fund which provides commercial insurance coverage for environmental impairment liability.

The JIF provides Property coverage (i.e. Boiler and Machinery, Flood, Valuable Papers, etc.) to its members participating in a state-wide joint purchase program arranged by the MEL acting as a lead agency.

Note VI: Risk Management (Continued)

The Borough of Saddle River is also a member of the Bergen Municipal Employee Benefits Fund (the "Fund"). The Fund is a self-administered group of municipalities established for the purpose of providing certain low-cost health insurance coverage for member municipalities. The Borough of Saddle River pays an annual assessment to the Fund and should it be determined that payments received by the Fund are deficient, additional assessments may be levied.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

Note VII: Segment Information – Utility/Enterprise Funds

The Borough of Saddle River maintains one utility fund which provides water service. Segment information for the year ended December 31, 2008 was as follows:

	<u>Water Utility Fund</u>
Operating Revenues	\$ 283,852.29
Operating Income	93,352.29
Operating Transfers in or (Out)	-0-
Net Income	34,358.76

Short Term Debt	810,000.00

Note VIII: Accrued Sick and Vacation Benefits

The Borough of Saddle River has specific policies which permits all employees retiring under the Policemen's and Firemen's Retirement System to accrue their unused accumulated sick leave. It is estimated that the current cost of such unpaid compensation would approximate \$412,800.00. Unused vacation time is not allowed to be accumulated without authorization and any liability would not be considered material to the financial statements.

Note IX: Contingent Liabilities

The Borough of Saddle River is a defendant in several lawsuits, none of which is unusual for a municipality of its size. Additional liabilities, if not covered by insurance, should not be material in amount.

REPORT PURSUANT TO GOVERNMENT AUDITING STANDARDS

T. M. Vrabel & Associates, LLC

Accountants and Auditors

Timothy M. Vrabel, RMA, PSA
Chris C. Hwang, CPA

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and
Members of the Borough Council
Borough of Saddle River
County of Bergen, New Jersey

We have audited the financial statements of the Borough of Saddle River as of and for the years ended December 31, 2008 and December 31, 2007, and have issued our report thereon dated May 15, 2009. In our report our opinion was qualified because the Borough of Saddle River prepares its financial statements on a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Saddle River's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Saddle River's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Saddle River's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the Borough of Saddle River's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Borough of Saddle River's internal control.

Email: tmvrabeldvc@optonline.net

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Saddle River's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances on noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, the Borough of Saddle River, Division of Local Government Services, Department of Community Affairs, State of New Jersey and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF SADDLE RIVER

PART II

**GENERAL COMMENTS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2008**

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRING ADVERTISEMENT FOR BIDS

Effective April 17, 2000 N.J.S.A. 40A:11-1 et seq. (Local Public Contracts Law) was revised by P.L. 1999, c.440 (originally known as Assembly bill No. 3519). The Division of Local Government Services in the Department of Community Affairs, after consultation with the Commissioner of Education, shall prescribe rules and procedures to implement the requirements of the law.

Effective April 17, 2000 until September 23, 2002 the bid threshold in accordance with N.J.S.A. 40A:11-3 (as amended) was \$17,500.00.

Effective September 23, 2002 the bid threshold was increased to \$25,000.00 because Charles Cuccia was appointed as the Qualified Purchasing Agent in accordance with N.J.S.A. 40A:11-2(30) and effective July 1, 2005, was increased to \$29,000.00.

It is pointed out that the governing body of the Borough has the responsibility of determining whether commitments and expenditures are in compliance with the statutes and, where question arises as to whether any contract or agreement might result in violation of these statutes the Borough Attorney's opinion should be sought before commitment is made.

Inasmuch as the system of records is not required to provide and therefore did not provide for an accumulation of payments by categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. None were disclosed.

The results of our examination indicated that no individual payments, contracts or agreements were made "for the provision or performance of any goods or services," in excess of the statutory limit where there had been no advertising for bids in accordance with the provisions of N.J.S.A. 40A:11-4.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 for Auditor, Borough Attorney, Borough Engineers, Borough Planners, Borough Prosecutor, Public Defender and Risk Management Consultant.

The minutes indicate that bids were requested by public advertising for the following items:

Water Main Extensions, Culvert Replacement, Computer Aided Dispatch and Records Management System and Snow Removal.

The system of records is not required to provide and therefore did not provide for an accumulation of purchases for which the municipality used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained. My examination did reveal however, that the following purchases were made through the use of State contracts: Vehicles, Computers.

The minutes indicate that on July 25, 1990 the Borough passed ordinance 90-544C which authorized them to enter into a cooperative pricing agreement with the Borough of Ramsey.

COLLECTION OF INTEREST AND PENALTIES ON DELINQUENT TAXES AND ASSESSMENTS CHARGES

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 2, 2008, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

RESOLVED, that there shall be collected interest at the maximum rates permitted by law on all taxes and assessments, whether regular, added or omitted, from the date they are due and payable, when they are not paid on or before the tenth (10th) day of the month in which they are payable and,

BE IT FURTHER RESOLVED that the Mayor and Council will assess a penalty of 6% on taxpayers with delinquencies exceeding \$10,000.00 who do not pay the delinquency by the end of the calendar year.

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

The delinquent taxes at December 31, 2008 include taxes for 2005, 2006 and 2007 (Litigation).

The last tax sale was held December 22, 2008 and was complete.

There was one tax title lien receivable as of December 31.

VERIFICATION OF TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2009 Taxes	25
Payments of 2008 Taxes	25
Delinquent Taxes Receivable	25
Water Utility Accounts Receivable	10

The result of the test, for the year ended December 31, 2008, is not yet fully known, however the items that were returned were checked and in agreement with the Borough's records and for items not returned either a second request was made or the open items were traced to subsequent collection. If any irregularities are discovered as a result of our second request a separate report will be issued.

OTHER COMMENTS

MUNICIPAL COURT

The report required by statute covering the accounts of the Municipal Court has been filed under separate cover with the Magistrate, Borough Clerk and Division of Local Government Services. Comments regarding the financial records maintained by the Court Administrator are covered in this report.

TECHNICAL ACCOUNTING DIRECTIVES

The Division of Local Government Services has established three systems which are required by all local units. They are as follows:

1. Encumbrance accounting system (N.J.A.C. 5:30-5.2)
2. Fixed asset accounting and reporting system (N.J.A.C. 5:30-5.6)
3. General Ledger accounting and record system (N.J.A.C. 5:30-5.7)

The Borough has complied by implementing all three directives.
